JEWELLERY CLASSES & WORKSHOPS

Beginners Jewellery Course

We enjoy wearing Jewellery as a form of personal adornment. The production of such work connects us to a wealth of history, meaning, technique and creation that makes this intimate craft an intriguing journey of exploration. Students will learn basic silver working techniques whilst designing and producing their own items of silver jewellery. Continuing students will also be catered for in this course.

During this course you will cover the following areas

- Learn about equipment used to make silver jewellery.
- Design a medallion/pendant made from copper.
- Design a medallion/pendant made from Silver.
- Learn to design and make 2 silver rings.
- Practise sawing, filing, annealing, shaping, fitting and soldering.
- Learn and practise polishing techniques.
- Explore design development.
- Find out where to buy Jewellery supplies and materials.

The class is flexible to work with the students requirements. The amount of work produced will be variable depending on individual progress.
